**Special Considerations:**

Specify whether the fitting is screwed, socket weld or weld.

Please specify whether you are using PVC, Metal Jacketing or Mastic for the Tees.

PVC - PIC, Ceelco, Speedline, Proto, Zeston, etc.

Metal - ITW (Pabco-Childers), RPR, Gasco, etc.

We can fabricate insulation for Tees that are Metal Compatible at no additional charge.

Specify poundage if applicable: 150, 300, 2000, 3000, etc.

Reducers require 4 numbers (3" X 3" X 2" X 1-1/2"). The first 2 numbers are the nominal pipe size.

The third number is the reduced pipe size and the fourth number is the insulation thickness.

**Notes:**

Refer to General Information for Ordering Fittings.

This page does not include prices for Flanged, Victaulic or Mechanical Joints.

Pricing for PVC or Metal jackets are not included.

**Prices are subject to change without notice. Terms: Net 30 Days. FOB: Shipping Point.**
